We would like to present an exceptional investment opportunity - the trademark Vacaro, known and appreciated in the automotive parts market.

From the beginning of its activity, the Vacaro brand, represented by Inter Parts, has become synonymous with reliability and the highest quality in the automotive industry.

The quality and professionalism that Vacaro has embodied in its DNA since 2009 quickly transformed into a well-established market position, especially in the brake parts segment. Over time, the brand's assortment expanded, adapting to the needs and expectations of customers. Among the products offered by Vacaro are elements such as brake shoes, discs, drums, cylinders, fluids, and brake lines. Inter Parts, as a distributor of Vacaro, helped the brand establish a wide network of trade contacts, ensuring its presence in key sales points throughout the country. This well-developed distribution network allowed for stable development and gaining customer trust.

One of the key moments in the brand's history was obtaining exclusive right no. 232811. This confirmation of the legal protection of the Vacaro brand was an important step towards even greater success.

In today's times, when more and more transactions are moving to the online sphere, the Vacaro brand did not stay behind. With a strong presence on the Internet, both on its own website and on the Facebook profile, Vacaro is able to maintain direct contact with current and potential customers, regardless of where they are.
